We're All For Him

BEARS WIN; CARDS LOSE

LED BY MAYORS, Richmond and Berkeley are expected to roll up a big majority for H. A. Johnston at the election Tuesday. Johnston is running for director of the Eastbay Utility district. Here is Mayor Mattie A. Chandler of Richmond wishing Johnston success while Mayor M. B. Driver of Berkeley smiles his approval.

MAYORS AID JOHNSTON BALLOT

With the support of most of the mayors of the eastbay cities, and with dozens of influential groups working in his interest, Henry A. Johnston will be swept into office as director of the East Bay Municipal Utility District at Tuesday's election by an overwhelming majority, it was prophesied yesterday by Fred N. Marcom, campaign chairman.

Among the Mayors who have been active in this drive have been M. B. Driver, mayor of Berkeley, and Mrs. Mattie Chandler, chief executive officer of Johnston's home city, Richmond.

"Berkeley wants Johnston because it believes he is the right man in the right place," said Mayor Driver yesterday. "We are convinced that he will be a constructive man, giving careful and unprejudiced thought to the district's problems, and I am convinced that Berkeley will give him the vote he deserves on Tuesday."

Mayor Chandler declared Johnston should be on the board for many reasons.

"In Richmond we have always believed that we should have a representative on the water board," she declared. "But beyond that, we are for Johnston

(Continued on Page 4)

Cast Your Vote Early On Tuesday

The following statement was issued last night by George B. Frederickson, president of the association of Hoover-Curtis clubs of the first district:

The Herbert Hoover campaign committee has completed its work with the exception of getting out the vote.

On account of the increased registration and the large vote expected due to the unusual interest in this campaign the committee requested that those who can, will vote early. Late in the day after the manufacturing plants close the polls will be crowded.

The committee asks all those who have a right to vote to do so without delay. This can be done if all voters will go to the polls as early as possible.

Also the committee asks you to be sure to vote for the republican electors as those on the prohibition ticket will not be counted for Hoover.

U.S.C. TAKES ADVANTAGE OF BREAKS

COLISEUM, Los Angeles, Nov. 3.—Southern California defeated Stanford, 10 to 0 here today before 80,000 fans.

Stanford inability to handle the ball and Southern California's ability to take advantage of every break accounted for the upset.

The Trojan team scored its first touchdown in the second quarter. Williams chucked a pass to Saunders who went over the line. Hibbs at the start of the fourth quarter kicked a drop-kick from the 15-yard line that went squarely over the goal posts.

Stanford had the ball in the Southern California two yard line twice in the first quarter, but they were unable to go over, losing the ball on downs on one occasion and through a fumble by Hoffman the second time.

Candidates To Talk On Radio Monday Night

NEW YORK, Nov. 3—(U.P.)—The most intense political campaign in a generation came to an end tonight, except for the Monday night radio speeches of the two candidates to be delivered at opposite ends of the continent.

Gov. Alfred E. Smith addressed his last meeting of the campaign in Madison Square Garden tonight in the presence of those who saw him get his start in politics as an assemblyman from one of the lower Manhattan Tammany districts. Monday he will make two radio speeches from a New York studio.

His opponent, Herbert Hoover, having addressed his last campaign mass meeting at St Louis last night is traveling to Palo Alto where he will cast his vote in his home precinct. He will speak by radio Monday night in a final word to the voters.

Counting of Votes

Then there will remain only the task of casting and counting the ballots—some 35,000,000 to 40,000,000. That will be the greatest act of self-government the greatest number of votes cast in any election, anywhere, any time.

Preparations to handle the tremendous flood of voters have been made.

Election day facilities will be taxed to the utmost. Early voting is urged everywhere to relieve the congestion as workers arrive at the polls late in the day. In most places those standing in line at the time the polls are supposed to close will be permitted to vote. Thousands of workers will be excused at lunch in many cities.

Gigantic Poll

This gigantic vote will be cast to a larger extent than party managers on either side admit on the questions of religion and prohibition. Rarely have two such capable men been nominated for the presidency in one campaign as Hoover and Smith. The radio has given the nation a new instrument for conducting national debates so that practically the entire voting population of the country may hear them.

Yet with conditions more favorable to a real national debate than in any other campaign before reason will play a subordinate part in this election, because of the overshadowing questions of prohibition and religion, which evoke bitter feeling.

Not all the bigotry is on one

Amendment No 6 Full Of 'Bugs'

(Editorial)

One of the most vicious amendments to the state constitution that will appear on the ballot at Tuesdays election is NUMBER 6. It should be killed or else the control of the public schools of the state will be taken out of the hands of the people, and placed in the hands of professional politician-teachers.

Under the terms of the amendment the people are asked to disfranchise themselves so far as the state school system is concerned.

By this amendment the state superintendent of public instruction and the members of the board of education would be appointed by the governor to hold office for at least ten years. The state superintendent is an elective office at present.

The school system would simply become a political bureau of the state government, and there would be no way to make a change for the ten year period.

The school system would become one vast political machine and the children of California would suffer as a result.

This amendment would also give power to the state superintendent and state board of education to appoint county boards, who would direct your schools under state domination.

The school teachers are being asked to stand together and to not disagree over the question of whether the board is to be elective or appointive. YET HOW CAN THE TEACHERS GO TO THE POLLS AND VOTE FOR A PROPOSITION WHICH DENIES A FUNDAMENTAL PRINCIPLE OF REPRESENTATIVE GOVERNMENT WHEN AT THE SAME TIME THEY ARE TEACHING BOYS AND GIRLS TO BELIEVE IN THAT PRINCIPLE?

Kill constitutional Amendment No. 6.

Then, at the next legislature, let those who want to reorganize the state office offer an amendment to provide for a state board of education elected by the people, and a superintendent of public instruction appointed by that board.

Let's not do the thing until we do it right!

G.O.P HOLDS POINT MEET

David Dutton, of the Bay district's outstanding campaigners for the Hoover-Curtis election, addressed a mass meeting held last night in the Point theater on Washington avenue. Dutton stressed the necessity of all Republicans turning out to vote Tuesday.

He called attention to the qualifications of Hoover for the presidency with his past record as a basis for judgment. The rally was one of the final features of the Republican campaign in Richmond.

Mrs. W H. Sanford and Mrs. George Topping were in charge of arrangements which included the decorations in the theater.

Mrs. Topping read a letter from her son, George Topping who was present at the ovation tendered Hoover at his Madison Square Garden address in New York City.

(Turn to Page 2)

Mother Of Local Woman Sucumbs

The death of Mrs. Annie Jesser, 86, of Piedmont, mother of Mrs. Della Anderson of Alta Cafe was learned today. Services were held in Oakland yesterday and the remains were sent to Chico where interment will be held today.

Phelix Derla Funeral Held

Funeral services for Phelix Derla, 41, who shot himself last Tuesday were conducted from the Curry chapel yesterday afternoon. Derla was a native of Italy and lived in El Cerrito for the past 25 years. He is survived by a brother, Peter, of El Cerrito.

SLIPPING OF DAM HALTS

The lafayette Dam has reached a "position of safety" according to the weekly report of Arthur P. Davis, general manager of the East Bay Municipal Utility district. Davis delivered his report to the board of directors yesterday.

Speaking of the Lafayette dam and the Claremont tunnel Davis declared:

"The Lafayette Dam, a portion of which settled a maximum of about 20 feet has reached a position of safety and has been quiescent several weeks. A board of

(Continued on Page 8)

Nebraska Wins From Kansas U

LAWRENCE, Kas., Nov. 3—(U.P.)—A slippery field hampered the Nebraska steam roller for two quarters, but the scoring machine began functioning in the third quarter and the huskers defeated Kansas University, 20 to 0, before a large home coming crowd here today.

Health Clinic Proves Popular

Richmond citizens are taking advantage of the offer of the Richmond Health Center to vaccinate or immunize any person in this city free of all cost. Yesterday 218 persons were immunized against diptheria and 18 were vaccinated against small pox.

The clinic is held under the direction of City Health Commissioner Dr. C. R. Blake.

Anglim Speaks At Rally in Concord

Clifford C. Anglim, Richmond attorney, addressed the Smith rally held last night in Concord by the Democratic club of that city. Anglim spoke on Smith's record for legislation in behalf of women and children, on the prohibition issue of the campaign, the farm problem and Smith's progressive campaign. Charles Guy, democratic county central committeeman, presided.

Horner Referees Sacramento Game

Clare D. Horner, Richmond attorney, refereed the California Aggie-University of Nevada football game in Sacramento yesterday.

Bears Have Chance To Tie Conference

BERKELEY, Nov. 3.— Nibs Price's Golden Bear galloped over the Oregon Webfooters here today 13 to 0. A comparatively small crowd of 25,000 witnessed the contest.

Lom was responsible for the first touchdown. After running 32 yards around right end for first down on the Oregon 25 yard line, he plunged 21 yards for a touchdown on the third play. Newman converted.

A pass, Lom to Newman, accounted for the second and last touchdown in the fourth quarter. The pass was good for a gain of 30 yards. Newman failed to convert.

The Bears have a good chance to tie with the Trojans for the leadership of the Pacific Coast conference.

County Majority For Hoover Seen

MARTINEZ, Nov. 3.—Seventy-five percent of Contra Costa county's registered vote of more than 27,000 will be polled Tuesday and Hoover will receive a majority of approximately 2000, according to the prediction of County Clerk J. H. Wells. The basis for his predictions is the relative vote polled and the Coolidge majority in the election four years ago.

Frank W. Hutchinson, chairman of the Republican Central committee, is even more optimistic. He claims a majority for Hoover of approximately 5000 votes.

22 Dies In County Traffic Accidents

MARTINEZ, Nov. 3.—Automobile accidents were the cause of 22 persons being killed in Contra Costa county during the last ten months, according to a report of Capt. G. A. Belon of the state traffic squad. Persons seriously injured during the same period numbered 83.

Officers of the traffic squad investigated 112 accidents, the report shows. This does not include minor crashes not sufficiently serious to warrant investigation and official report by the traffic department.

Span Permit To Be Requested Monday

MARTINEZ, Nov. 3.—Formal application for a franchise to build a $10,000,000 bridge across San Pablo bay from Richmond to San Rafael will be made to the board of supervisors tomorrow morning by Oscar Klatt, president of the American Toll Bridge company.

The site as selected by engineers upon completing soundings and test bearings of eight proposed locations, is from a point south of Point San Pablo to McNear's Point on the Marin shore. The route avoids Brothers Island and thereby removes the necessity of applying to the government for permission to use the island for a foundation.

Because of the press of other business the supervisors are expected to defer the hearing until later in the week when a special adjourned meeting will be held.

Record - Herald Recommendations

1.	Yes	Approves apportionment of legislature on plan of United States Congress. Prevents San Francisco and Los Angeles from controlling the state.
2.	No	Provides for $1,000,000 in bonds for an Olympiad in Los Angeles in 1932. It is another measure to increase your present heavy tax burden.
3.	Yes	This adds a section to the constitution to save $22,000,000 in the State in bank taxes. If it does not carry the general taxpayer must make it up.
4.	No	Another tax measure of $6,000,000 for state parks, which must be duplicated by either individuals or cities and counties. Vote to prevent more taxes.
5.	Yes	Abolishes 12 round contests and goes back to four round bouts. The present arrangement has been a failure and has brought about much adverse comment.
6.	No	A vicious political measure that will take out of the hands of the people the control of the schools of the state and place them in the hands of appointive state officials.
7.	Yes	Provides that it shall be a state policy that riparian rights shall not extend to waste of water or unreasonable use. It is an important measure.
8.	Yes	Changes motor vehicle law so as to make trucks pay larger fees on the ground they do more damage to highways than the use of private cars. It is endorsed by the governor.
9.	Yes	Cities and counties now have the right to acquire property under the law of eminent domain. This amendment also gives the same rights to the state.
10.	Yes	Permits purchase by state, county or city of remaining "slivers" of property between or alongside of lands in laying out parks.
11.	Yes	Empowers legislature to relieve congestion in courts. It was proposed by the judiciary council and has the approval of the state bar.
12.	Yes	This measure is sponsored by the California Society for Crippled Children. Authorizes state to aid physically handicapped persons.
13.	No	Cities can get water by condemnation proceedings, and there is no necessity of giving them right to hold stock in mutual companies. No good can come of it.
14.	Yes	Under this measure utility companies will be able to extend their corporate life without the expensive trouble of re-organization. There seems to be no opposition to it.
15.	No	This amendment would give legislatures power to raise jurors fees. It would tend to build up another tax eating crowd in the shape of professional jurors.
16.	No	If adopted the liability of stockholders in corporations would be eliminated. No harm can result by permitting the law to exist as at present.
17.	No	Provides $10,000,000 bonds for highway grade separations. Another tax increases measure. The gas tax raises sufficient money for all purposes of highway construction.
18.	Yes	This relates to absentee voting and extends the privilege to those engaged in the civil or congressional service of the U. S. or of the state.
19.	No	This constitutional amendment authorizes the state to aid needy blind persons. It is covered by amendment No. 12, and would be needless legislation.
20.	Yes	Provides that on consent of both parties juries may be waived in criminal cases and the defendant tried by the court. This will expedite court business.
21.	Yes	This is known as the anti-rodeo amendment. It will do away with the brutal features in connection with rodeos and wild west shows. It is a humane measure.

San Pablo Fire Department Has Benefit Dance

Dance devotees last night enjoyed a ball held for the benfit of the San Pablo Fire department in Maple hall. Frank Avenellis' orchestra furnished the music for the affair. Proceeds from the dance will be used by the fire department for its benefit fund and for purchase of equipment.

23 Arrested In Demonstration

BOSTON, Nov. 3. (U.P.)—Boston and State police today arrested 23 men and women parading in front of the state capitol in a demonstration against the execution of Sacco and Vanzetti, famous radicals.

The group was led by Harry J. Canter of Boston, candidate for secretary of state on the Workers' party ticket.

Socials, Lodges

Cosmopolitan Club Host To Richmond Club

The Cosmopolitan club entertained last night at the Longfellow junior high school in honor of the Richmond club with a program of foreign talent. Prior to the program a dinner was served.

The program opened with the singing of "America, the Beautiful" and J. W. McDonald entertained with a melody of foreign airs on the accordian. Alfred Hugger and Jack Lems entertained with a number of vocal selections. Mrs. Lems accompanied them at the piano.

Richard Roberto gave an oral recitation of the citizenship test.

An interesting exhibition of Japanese fencing was presented by H. Nitai and N. Morioka, who explained each step of the Japanese national sport.

Reasons why Europe should pay its war debts to the United States were told by Marco Bertolli. The program was closed with vocal solos by Miss Villa Obres and piano accordian numbers by Senor Regalia.

The program was heard by members of the Richmond club and a number of prominent East bay clubwomen.

Mrs. Emily Axtel was in charge of the program and the following officers of the club acted as reception committee:

Mrs. W. E. Turtle, president; Mrs. Robert Wandler, vice-president; Mrs. Zelda Chapin, secretary, and Mrs. Emily Axtell, the club's organizer.

The banquet committee was composed of Mrs. Buciarelli and Mrs. Carletti. Decorations were in charge of Mrs. Emily Axtel, Mrs. W. E. Turtle, Mrs. Koegel and Mrs. Zelda Chapin.

W. C. T. U. TO HOLD PRAYER MEETING HERE

The Richmond chapter of W. C. T. U. will hold a prayer meeting tomorrow afternoon at the home of Mrs. Mary Shoemaker, 1024 Barrett avenue. Members and friends of the Union have been urged to attend.

PROFESSIONAL WOMEN AT S. F. CLUB MEETING

A group of members of the Richmond Business and Professional Women's club last night attended a second quarterly meeting of the California League of Business and Professional Women's clubs at San Francisco. Miss Emily Kneubble, national executive secretary, addressed the group on joining the national organization of Business and Professional Women.

Among those who attended from Richmond were Miss Anita Furrier, Miss Nora Ashfield, Mrs. Norma Goettel, Dr. Irene Jenkins, Miss Marjorie Haggerty, Mrs. Helen Kingsbury, Dr. Rosa Powell, Mrs. Elizabeth Redmond, Miss Viola Treanor, Mrs. Ethel Cottingham, Miss Etta Haley, Miss Mary Casey and Miss Marie Whiteside.

JOBS DAUGHTERS PLAN FOOD SALE FOR NEAR FUTURE

Plans for a food sale to be held in the near future were made yesterday afternoon in Masonic hall by the Richmond bethel of Jobs Daughters. Evelyn Neeley and Vivian Vaughan were appointed a committee to complete arrangements.

Rose Trolese, honored queen, presided over a business meeting and a program consisting of vocal numbers by Geraldine Cleek and piano solos by Vivian Vaughan was presented. The members voted to send a letter of congratulation to Mrs. A. Turner, of Oakland, who was recently elected grand guardian of the bethels.

Refreshments were served by Marjory Woods, Joan Eakles and Ruth Lewis.

Beacon Sewing Club To Hold Whist Party

The sewing club of Beacon chapter, Order of Eastern Star will hold a whist party in Masonic hall Monday night. All Eastern Star members and their friends are invited to attend. Prizes will be awarded to the holders of high scores. Refreshments will be served at the close of the evening. The committee in charge is headed by Mrs. Herbert Baker.

The club was entertained recently in the home of Mrs. Olive Ledgerwood, 558 Eighteenth street.

Harding P. T. A. Has Whist Party

The Harding P. T. A. entertained last night at a public whist party in the school house. A large number attended the affair and many prizes were awarded. Proceeds will be used for the work of the P. T. A. group.

Improvement Club To Meet Tuesday

The members of the South Richmond Improvement club will meet Tuesday afternoon at 2 o'clock in the home of Mrs. Daisy Mayo, 550 Fifth street, instead of in the clubhouse, which will be used as a polling place on that day. All members have been urged to be present.

Get All The Use Out Of Your Shoes

Just because your shoes become scuffed, and the soles get thin, and a crack may appear in the leather, is no reason why you should throw your shoes away. If you do this you are throwing away dollars.

Our repair department is the best equipped in the city, and we are prepared to take care of your work promptly and to your satisfaction.

Bring your shoes to our store and permit us to put them in first class condition at

Mrs. Tillman Honored By Alwun Club

Members of the Alwun club honored Mrs. R. E. Tillman at a baby shower in the home of Mrs. A. L. Hathaway, 540 Fifth street, recently. The honoree received a number of gifts. Luncheon was served by the hostess after which the members spent the afternoon in playing cards.

Those receiving awards for high scores were Mrs. Blanch Hoyle, Mrs. Mildred Kneeland, Mrs. Blanche Harley, Mrs. Daisy Mayo, and Mrs. Elizabeth Dorgan.

Enjoying the afternoon in addition to the hostess and the honored guest were Mrs. Florence Dale, Mrs. Bertha Hathaway, Mrs. Ruby Allyn, Mrs. Elizabeth Dorgan, Mrs. Blanche Hoyle, Mrs. Babe Snowden, Mrs. Blanch Harley, Mrs. Daisy Mayo, Mrs. Julia Brombacher and Mrs. Mildred Kneeland.

V. F. W. TURKEY WHIST PARTY DRAWS CROWD

The whist party held last night by the Veterans of Foreign Wars as a benefit for the drum corps was well attended. Forty-three tables were occupied. The proceeds will be used to help defray expenses of the drum corps to the state convention in San Diego in June.

Turkey orders were awarded as prizes and those receiving high score were Paul Rohma, Mrs. A. Peters, Mrs. W. Reed, Mrs. N. Lansman, Miss Parks, J. P. O'Rourke, A. A. Hart, G. Spaulding, J. Mayers, Mrs. A. Meinderssee, Mrs. F. Borghigiani, W. A. Vickery and Frank Armstrong.

ARTHUR DICE HONORED AT NATAL FETE

Mrs. Arthur Dice entertained recently at her home on Burbeck avenue in honor of the birthday of her husband.

Among the guests were Mr. and Mrs. E. C. Baskett and sons, Floyd and Merle; Mr. and Mrs. T. N. Calfee and children, David, Betty Jean and Neville; Mrs. Elizabeth Jones, Mrs. Pearl Switzer, Miss Maurine Jones, C. R. Switzer and Miss Eileen Dice.

AMERICAN GUARD AUXILIARY PLANS JOINT MEETING

The auxiliary of Council No. 1, of the American Guards held an interesting meeting at Musicians hall recently.

Plans were perfected for a joint meeting with the American Guards next Friday evening.

Fortnight Bridge Club To Meet At Leggett Residence

Mrs. E. M. Leggett will entertain members of the Fortnight Bridge club at her home, 1324 Barrett avenue, Nov. 15 for a luncheon meeting. Bridge will be enjoyed during the day.

Jeanette Harmon Entertains At Tea

Mrs. Jeanette Harmon entertained a group of friends at a tea in the Fairfax, San Francisco recently. Bridge was played during the day and prizes were won by Mrs. Jack Maxwell and Mrs. E. M. Leggett. Consolation prize was awarded to Mrs. Don Kneeland.

Beacon O.E.S. Elects New Officers Here

Mrs. Olive Ledgerwood was chosen worthy matron of Beacon chapter, Order of Eastern Star last night at elections held in Masonic hall. Other officers chosen were Joseph Burns, worthy patron, Mrs. Hazel Sears, associate matron; Mrs. Minnie Patterson, secretary; Mrs. Louise Walker, treasurer; Mrs. Julia Overaa, conductress and Miss Bernice Mills, associate conductress.

Other officers will be appointed soon. Installation of officers will be held Dec. 1. Preceding the elections, there was a 6:30 dinner, followed by a business session presided over by Mrs. Ruby Johnson, worthy matron, and Lud Johnson, worthy patron.

Worker Among Immigrants At Wesley Church

Miss Katherine Maurer, known as the "Angel of Angel Island," will be the speaker at the evening services in Wesley Methodist church tonight. Miss Maurer has been connected with the staff of workers on Angel Island for a number of years and will tell of her experiences with persons coming from other lands and seeking entrance into the United States.

Her story is said to be interesting and gripping. Miss Maurer is in great demand and her appearance in Richmond is regarded as fortunate. As an added feature of the services which begin at 7:30 o'clock, Miss Effie Medlin, director of music at the church, will sing a soprano solo.

At the morning services, beginning at 11 o'clock, Rev. C. G. Lindemann, the pastor, will speak on the subject: "How Big is Your God."

Carquinez Club Has Dinner Dance

Members of the Carquinez Golf Club last night held a turkey dinner dance at the clubrooms. The affair was attended by a large crowd. A turkey dinner was served and dancing was enjoyed.

Naomi Circle To Meet Tonight

The Naomi circle, Christian Endeavor, of the First Christian church, will hold its meeting tonight in the parsonage of the church. Mrs. Mabel E. Zumwalt will be in charge of the meeting.

Yeomen To Hold Whist Tomorrow

The Richmond Homestead of Yeomen will entertain tomorrow night at the Woodmen's hall with a turkey whist party. There will be a $4 turkey order for every third table. Bert Healey will be chairman of the evening.

Indian Herbs

Is a good family medicine composed principally of herbs, roots and barks. An excellen liver regulator for sluggish bowels, kidneys and constipation. You can get the money back at any of the agencies where you bought them if Indian Herb Compound does not benefit you after directions have been followed.

Indian Herbs are for sale by all local drug stores and at many other business places whose addresses are listed on the second page of the circular in each free sample given at all the local agencies. Geo. W. McPherson, resident agent for The Great American Herb Co., 607 Macdonald avenue.

TORTURES TOLD BY OBREGON SLAYER

MEXICO CITY, Nov. 3.—(U.P.)—Tortures rivaling in horror the terror of the Spanish Inquisition were charged against the Mexican police today by Jose De Leon Toral, as his trial for the assassination of President-elect Obregon reached a sudden climax.

The young religious fanatic, his dark eyes blazing and his sensitive mouth atwist with intensiveness, suddenly flung his amazing accusation at the police during his cross examination.

Toral said his body was bent on the rack after his arrest, that he was strung up by his thumbs, that he was suspended by his chest, hanged by his waist, starved for three days, inflicted with the "standing" punishment and subjected to unprintable indignities.

"During the torture I prayed God that I would either faint or die," Toral said. "But I always remained conscious. I tried to be as brave as possible.

"But here before all," Toral said, "I truly say that I could kiss the hand of my torturers. I have no rancor. I acted for the good of all and I have no doubt but that all will benefit."

"A month before Obregon's death," said Toral, "I prayed for his soul. I am ready to give my life. If the court decrees a firing squad, God will decide at the moment of my death to give me strength to face it."

Odds On Hoover Placed 5 to 1 In New York

NEW YORK, Nov. 3.—(U.P.)—Odds on Hoover's election advanced suddenly in Wall street betting today to 5 to 1 with announcement by G. B. de Chadendes & Company that $50,000 had been placed with the firm on Hoover against $10,000 for Smith.

Previous odds had ranged from 2½ to 1 to 4½ to 1.

Numerous other bets at between four and five to 1 on Hoover were reported during the day. Franklin D. Roosevelt, Democratic candidate for governor of New York, was a 2 to 1 favorite over Albert Ottinger, his Republican opponent.

Johnson Leaves For Sciot Meet

Lud M. Johnson, who is a delegate from the Richmond pyramid of Sciots to the state convention to be held Thursday, Friday and Saturday in San Diego, will leave Richmond today. He will spend his vacation in the south and will return in ten days.

George Bengley and A. C. Burdick, other delegates of the Richmond Pyramid, will leave Tuesday.

Punishment To Be Christian Science Topic

"Everlasting Punishment" is the subject of the Lesson-Sermon today in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ Scientist, in Boston, Mass.

The citations which comprised the Lesson-Sermon included the following from the Bible: "Submit yourself therefore to God. Resist the devil, and he will flee from you. Draw nigh to God, and he will draw night to you. Cleanse your hands, ye sinners; and purify your hearts, ye double minded." (James 4:7, 8).

The Lesson-Sermon also included the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Christian Science commands man to master the propensities,—to hold hatred in abeyance with kindness, to conquer lust with chastity, revenge with charity, and to overcome deceit with honesty. Choke these errors in their early stages, if you would not suffer an army of conspirators against health, happiness and success" (p. 405).

Smith Rites Monday

Smith Funeral Rites Monday

Funeral services for Gertrude Lorraine Smith, 2, infant daughter of Mr. and Mrs. Lyle Smith, 66 Terrace avenue will be conducted tomorrow morning from the Wilson and Kratzer chapel. Rev. F. H. Prince will officiate. Interment will be at Sunset View cemetery. The child died in Oakland yesterday.

Extra Lights Drain Battery

Extra horns, lights, windshield wipers on your car are an extra load on your storage battery and tend to shorten its life.

G.O.P. HOLDS POINT MEET

(Continued from Page 1)

Rev. F. H. Prince, pastor of the First Methodist church delivered a ten-minute address.

The musical program consisted of vocal solos by Mrs. R. M. Fahrenheits, accompanied by Emil Esola; solos by C. Glass, accompanied by Mrs. Florence Clark and piano selections by Miss Azzlea Sanford.

Mrs. Topping and Mrs. Theresa assisted in seating the crowd.

Hit-Run Auto Driver Hunted

Richmond police are today searching for the driver of a machine who crashed into a car owned by C. O. Davis, 636 Thirty-second street at Sixth street and Nevin avenue last night. Davis had left his car to enter the home of a friend. When he returned he found the rear end broken and the body badly damaged. The driver responsible for the crash was not in the vicinity.

CITY LIBRARIAN WILL ADDRESS RICHMOND CLUB

Miss Norah McNeil, city librarian, will be speaker of the day at a session of the Richmond club tomorrow afternoon in the Richmond clubhouse. She will tell of some of the new books on the Richmond library shelf.

Mrs. Francis Kent will give a review of Eugene O'Neil's play, "The Strange Interlude."

CAMPAIGN ENDS RECORD VOTE AWAITED

(Continued from Page 1)

side in this campaign and all the prejudices are not one side. Both Democrats and Republicans—speaking of rank and file workers, not party officials—have used whatever weapon was handiest. Smith has made a greater effort to discuss a national question in this campaign than Hoover. He has made more speeches and dealt with more subjects. He has answered assertions of Republican speakers whether by Hoover or by lesser spokesmen for the party.

Ignored Smith

Hoover, on the other hand, has practically ignored Smith. He has answered none of the criticisms of his policies, and he has made a minimum of commitments as to policy. He has confined his speeches to general discussions largely of an economic nature and has talked but little through the press. Hoover's type of campaign appears to have been more popular in the west; Smith's appears to have been more popular in the east.

Smith has made his own votes largely by his appeals on the stump. Hoover has made his votes—those that were not thrown to him by anti-Smith sentiment—by his record, by the prestige of the Coolidge administration of which he has been a part, and by the intensive organization which the Republican party has been able to maintain because of its long tenure in power.

TARZAN OF THE MIGHTY

Novelized by ARTHUR B. REEVE,
From an original Serial produced by UNIVERSAL PICTURES CORPORATION, by special arrangement with
EDGAR RICE BURROUGHS
Author of TARZAN OF THE APES, THE CAVE GIRL, etc.

Chapter III.

BLACK JOHN PLOTS

(Continued)

A gloating smile spread over the face of Black John. "This Tarzan ape is no match for Black John!" he boasted. "Even now I am waiting for word that he has been caught!

Mary repressed a reply and hastened to the hut and to Bobby.

Deep in the jungle two of the cleverest of the natives had finished placing a trap cage and lay hidden in the brush watching it. They crouched entirely hidden as they heard the approach of something.

It was Taug making his way through, cautiously after his defeat by Tarzan in his attempt to gain the title of king of the jungle. Taug paused and stared curiously. Just before him he caught sight of a tempting bunch of jungle fruit, left unguarded by someone.

He moved forward for it, reached out to grasp it—and the door of the trap sprang shut as the ape lashed his way back and forth in futile effort now to free himself.

Instantly the two natives were on their feet. "Tarzan is caught!" cried one. "The Witch Doctor is mightier than Tarzan the Mighty! Run and tell him while I guard the trap!"

From afar now Tarzan himself could hear the raging of Taug. Something was wrong—was it with this interloper or with some new claimant for the title of jungle king? Quickly Tarzan swung himself along in the direction of the cries.

Soon he was peering down from his eyrie in a tree whence he had swung himself by his grass rope. Below he could see the native in a dance of triumph about the cage-trap. A cunning expression overspread Tarzan's features as he set himself for a long swing.

As though from the sky above Tarzan swung down upon the native guarding the trap. A look of frantic fear came to the native's face. It was as if by a miracle the supposed captive was free. In desperation he closed with Tarzan. But it was an unequal fight. A moment and Tarzan had picked him up bodily and flung him toward the cage.

The native lay there, still. Tarzan darted to the cage and peered in. It was Taug. "So," he muttered as he tore at the trap, "you would be king of the jungle!" Tarzan smiled. "Yet Tarzan is glad to help Taug."

Tarzan at last laid his hand on the catch of the trap. He unfastened the door, lifted it, and Taug sprang out.

It was no longer the sullen Taug. "Taug will fight Tarzan no more!" he chattered. "Tarzan is Tarzan, the Mighty, mightier than Taug!"

Tarzan was an easy master. "Come!" he ordered. "When our enemies come they shall not find their trap empty!"

He picked up the unconscious native, carried him to the door of the trap, flung him in and closed it. He motioned to Taug to disappear, then Tarzan himself swung back by his grass rope up into the crotch of the tree and settled himself, unseen, to watch.

Into the stockade of the Lost Village dashed the breathless native runner calling at the top of his voice.

"Tarzan—Tarzan, the Mighty, is caught!"

Instantly the village was in an uproar. Within the hut Mary and Bobby heard. Mary drew Bobby close to her as they peered out at the excitement.

There was Black John surrounded by the admiring villagers. "Come on!" he harangued. "We will get this Tarzan who has been leading the beasts of the jungle against us! You shall see that I am mightier than this Tarzan the Mighty!"

"Tarzan!" whispered Bobby. "Why, Mary, that's the one saved you from the crocodile, isn't it?"

Heading the natives Black John was leading off the rabble.

"Yes, Bobbie. Let us go, too." Mary was worried.

They overtook the crowd just as Black John rushed up to the trap. Black John started to open it, posing the others ready to attack, capture and kill Tarzan. But it was only a moment before Black John's triumph changed to cries of baffled rage. No one came out. Black John reached in, dragging out now only the half conscious native.

"Why, it's one of the tribe!" exclaimed Bobby in surprise.

Mary was unable to restrain the relief she felt after her anxiety.

"It—it was Tarzan—with the strength of a million devils!" chattered the frightened native.

Black John hurled him away from himself and glared at the superstitious natives. He turned suddenly and an ugly scowl spread over his face as he caught the smile of Mary and Bobby's grin. Her smile changed quickly to alarm. Bobby shrank by her side.

"Laugh, will you?" Black John gripped Mary's wrists, glaring at her. "Mark this—no wild beast of the jungle can trick Black John!"

In terror Mary shrank away. Would the arch villian vent his rage on her and her little brother? What could she do? There was no one to whom to appeal—none.

None? A protector was closer than either she or Black John realized. High overhead hid Tarzan himself in the leafy screen of the trees. He saw; also he saw the tribe, too many for him.

But Tarzan, king of the jungle, was never defeated, not in his own jungle. His face was suddenly convulsed with rage at the indignity to the fair white queen. He raised his head and uttered a loud roar. It was human yet like nothing human. It was the battle cry of the king of the jungle calling upon his followers.

The natives heard and they knew it. They fled in panic. Black John followed. Was he not their leader? In terror, too, Mary and Bobby fled.

Far and wide through his jungle kingdom the call was heard. Tantor heard and started, trumpeting.

Tarzan swung himself down before Mary and Bobby, stood before them in awed admiration. Mary did not know whether to run or stay. Bobby stared in wide-eyed fear and admiration.

"Fear not! Tarzan will never allow that Black John to harm the White Angel!"

Mary shivered at the thought of Black John. "You are good—good as you are brave. But Black John has many men—and you are alone."

Just then Tantor broke through the jungle. Tarzan smiled. "Tarzan is not alone! The beasts of the jungle are his friends! See!" Mary shrank back and Bobby cried out in fear. "Don't be afraid of Tantor. He is Tarzan's friend and will help the White Angel, even as Tarzan once helped him. Once when I was a very little boy, with my knife I cut him loose from a trap."

Quickly in his curious English Tarzan told the story. "And now," he added to Mary, "learn this bird call. If Tarzan hears the bird call, he will know the White Angel is in danger and will come."

Mary repeated the call until she got it perfect. But she was nervous. Her absence from the village would be noticed. She thanked Tarzan, turned toward the village, while Tarzan was swung up on his back by Tantor who started off, also.

In the thicket the jealous, scowling, scheming eyes of Black John missed none of this meeting. Through his tortuous brain was evolving a dark scheme. He would use Tantor to capture Tarzan and nip this friendship in the bud.

No sooner did Black John have an idea than he put it in execution. In the fastness of the Jungle he set the tribe to work digging a pit. In the bottom of the pit he placed rows of long, sharp-pointed stakes. Over the pit they laid a flimsy false floor of jungle foliage.

It was impossible to keep secret such a plot in the village. The moment Mary learned it her first thought was to warn Tarzan. She stole cautiously to the door of the hut and looked out. There on guard a burly native blocked her exit. She was a prisoner.

Somehow she must convey the warning to Tarzan. She looked helplessly at Bobby. Suddenly an idea flashed into her mind.

"They'll never suspect you, Bobby. Go—give the bird call. Tarzan will hear it and come to you. Warn him!"

There was not much time to act. Already the natives had been posted through the jungle, first to scare up and worry Tantor, then to drive him down the trail that passed over the pit.

(To be continued)

Automobile News

MOTORIST CLUB TO ENLARGE OFFICE

Enlargement of its district offices in two cities—Sacramento and Santa Cruz—to meet conditions resultant from increasing membership and growth of motor tourist travel in these districts was announced yesterday by the California State Automobile association. Extensive alterations of it Sacramento district office at 141 K street are now under way to provide twenty-five per cent more office space, according to announcement by Fred V. Dewey, Jr., Association Field Secretary.

Dewey reported the losing of a lease under which the Santa Cruz district office of the motorists' organization will be housed in entirely new quarters. The association will lease a new building being constructed by C. P. Barrington on his property on the south side of Soquel street, east of the bridge over the San Lorenzo River. The building will be designed as a motoring headquarters and will be located on the main route between Santa Cruz and Watsonville.

"During the past year the association has opened five new district offices in conformity with our policy of bringing services closer to members in all sections and providing additional points of contract for touring members," said Dewey. "These new offices were opened at Auburn, Placerville, Ukiah, Madera and Hollister.

"We now have a total of thirty district offices in as many cities of Northern and Central California, in addition to our headquarters building in San Francisco and the Yosemite Touring Bureau office maintained during the summer months. Including the offices of the Automobile Club of Southern California, with which we exchange all services, Association motorists have sixty-six automobile club offices in as many cities, at their service in California.

"We have recently occupied our new district office building in Oakland, which is owned by the association, as is the headquarters building in San Francisco. The club's Eastbay home of service represents an investment of $115,000. In the district offices, including the field secretary department personnel, there are 269 employes serving our 80,000 members."

Auto Department Approves Central Traffic Control

Approving the principle of central state control of traffic officers, the executive committee of the Motor Vehicle conference is conducting an investigation of the proposed plan prior to drafting of recommendations on this and other suggested changes in the California Vehicle ac.. The committee, headed by J. Allen Davis, associate counsel of the Automobile Club of Southern California, following a series of meetings, will report to the conference and the latter body will make this report the basis of recommendations to the legislature. The conference is composed of public officials and representatives of motoring and safety organizations. It sponsored the existing state motor vehicle code, which is considered a model for the nation.

A special committee was named to investigate the plan for centralization of control of traffic officers in the State Division of motor vehicles, to replace the present dual control by state and county. This committee consists of D. V. Nicholson, assistant secretary, California Department of Public Works; J. Allen Davis, associate counsel, Automobile club of Southern California; Harry Huston, attorney, State Division of motor vehicles, T. E. Cochrane, president, County Supervisor's association of California.

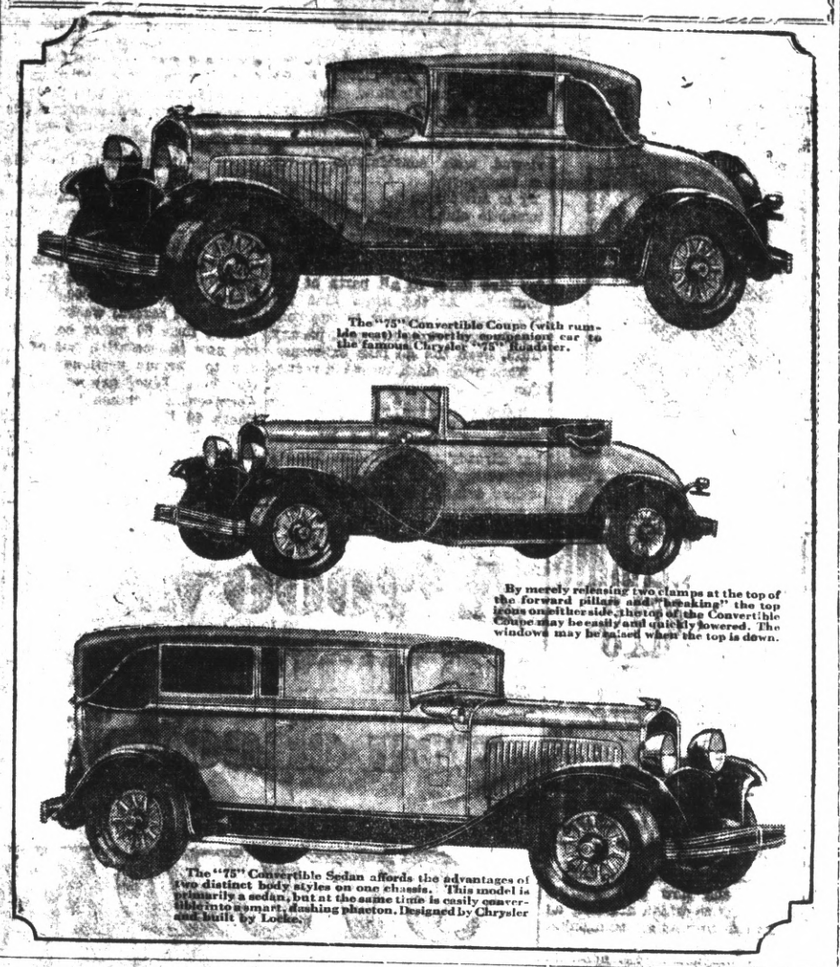

Glaring Lights Menace To Cars

Properly adusted and legal headlights protect you as well as your fellow motorist. They mean the saving of life and limb. With the shortening of daylight hours, the California State Automobile association advises motorists to be sure that headlights are in proper and legal adustment.

Heavier Oil For Fan Pully Plugs

Fan pulleys equipped with oil plugs for lubrication are often neglected, resulting in worn bearings, or necessitating the replacement of assembly. The Free Emergency Road Service of the California State Automobile association suggests that a heavier oil be used, as the heat and centrifugal motion throws the light oil out quickly.

2 Convertible Chryslers

The "75" Convertible Coupe (with rumble seat) is a worthy companion car to the famous Chrysler "75" Roadster.

By merely releasing two clamps at the top of the forward pillars and "breaking" the top irons on either side, the top of the Convertible Coupe may be easily and quickly lowered. The windows may be raised when the top is down.

The "75" Convertible Sedan affords the advantages of two distinct body styles on one chassis. This model is primarily a sedan, but at the same time is easily convertible into a smart, dashing phaeton. Designed by Chrysler and built by Locke.

Fouled Plugs Means Leaky Oil Rings

Fouling of spark plugs on your car is not always an indication of oil trouble, according to the Free Emergency Road Service of the California State Automobile association. This condition may be caused either from too much oil in the crank case, or worn rings. The ignition coil and condenser should be tested, as the spark may be too weak to assure a hot enough spark to ignite and burn the gases and oil accumulated.

12,000 MILES OF DETOURS IN U. S.

Twelve thousand miles of detours were in effect in all parts of the United States during the past year, of which 4000 miles were made necessary because of high type pavement construction and the balance because of other construction and bridge installations. The California State Automobile Association points out that government agencies and road builders have greatly improved the standard of detours in recent years. In California, the Automobile association signs detours and the state has a program of maintenance where these improved roads are kept open for any length of time. No longer is the motorist left to find his way as best he can over a temporary route that is bumpy and dusty from the first day it is laid out. The pace of road-building these days is much speedier and new highways are thrown open to traffic in much less time.

Detours these days are signs of progress. The section without them is a community in which there are enough good roads, which no district acknowledges, or it is one in which roads are being neglected.

Tinfoil May Be Used For Fuses

Tin foil wrapped around a burned out fuse in your car makes a temporary substitute, according to the free emergency road service of the California State Automobile association. Make certain that the fuse is not short-circuited, which would drain the strength of the battery.

Eczema, Dandruff, Blotches, Blemishes, Pimples and other annoying skin irritations. Get a bottle of cooling, healing, antiseptic Zemo—the safe dependable way to relieve itching torture. Convenient to use any time—does not show. All druggists, 35c, 60c, $1.00.

zemo
FOR SKIN IRRITATIONS

Congress To Be Asked To Help Maintain Roads

Launching a movement to secure Federal assistance in the maintenance of transcontinental motor routes in Northern and Central California, the Highway Advisory committee of the California State Automobile association plans to cooperate with the American Automobile association and its western affiliated clubs in securing the necessary action from Congress.

The committee, consisting of two hundred representative highway leaders from communities throughout this territory, takes the stand that the only proper method of meeting the maintenance problem on main routes to this section of the state is to secure Federal assistance. Pointing out the inability of neighboring states to provide maintenance on main through highways, the committee cites the Victory highway as an example. This road is showing signs of wear in Nevada where it was recently completed as a gravel highway. Exceptionally heavy traffic during one season is given as the cause. Because practically all of the highway in Nevada traverses unappropriated public land, the committee holds that the Federal government should recognize its obligation in the matter of upkeep as well as construction on this and similar main routes.

Buses Carry Billion In Year

More than two and a half billion passengers were carried by motor buses in the United States last year, according to the California State Automobile association. School buses alone carried more than 300,000,000 passengers.

Five Percent Of Drivers Careless

It is estimated that only five percent of motorists may be classed as careless drivers. But with a motor vehicle registration of more than 23,000,000 in the United States, the California State Automobile association points out, this means a large army of reckless drivers who have little regard for their personal safety or the safety of others.

Licenses Refused Defective Cars

A number of states are empowering their motor vehicle license departments to refuse licenses to cars mechanically defective, according to reports reaching the California State Automobile association.

CHRYSLER ADDS CONVERTIBLE MODELS

Two new custom convertible-type body styles on its "75" chassis are announced by Chrysler as ready for display at many of its salesrooms throughout the country. They are the convertible sedan and convertible coupe; the former of five-passenger capacity the latter with rumble seat, golf compartment and other features.

Curry Auto Sales Co., 1401 Macdonald avenue are the Richmond Chrysler agents.

Both bodies are by Locke, specially built to Chrysler specifications. The sedan, particularly contains many innovations and improvements in convertible type construction. At the same time, points out J. W. Frazer, Chrysler sales manager, prices have been brought down to an exceptionally moderate figure. The sedan lists at $2245 and the coupe at $1695, each at Detroit.

Addition of these two new body styles broadens out the "75" line to eight body styles in a variety of color combinations, upholstery, body trim and other finish.

Combined Sedan, Phaeton

The convertible sedan combines the luxuriousness and comforts of a smart, distinctive sedan type body with the dash and freedom of a specially-built phaeton, giving the owner all the advantages of two distinct body styles on one chassis, Frazer says. All pillars are specially designed with the front four integral with the body. The top frame's heavily constructed side pieces clamp securely to the pillars, affording body rigidity and strength comparable to customary "75" sedan body construction. Rear pillars, top bows and side pieces fold back and fit into a hand tailored boot extending out over the back of the body in a streamline, providing an unusually compact and neat appearing assembly.

Front compartment windows may be lowered into the doors when conversion to the open type is desired. Those for the rear compartment either can be locked on the doors, effecting a barrier to the in-rush of side winds, or swung forward and locked to the back of the front seat to serve as a windshield for rear compartment passengers.

Many comforts and conveniences for drivers and passengers have been included in the list of refinements and appointments. Upholstery is optional either in Bedford Cord or Colonial grain hand-buffed leather in tan color. Folding arm rest is fitted into the middle of the rear seat back. Non-shatterable windshield glass is standard. Doors are wide and swing full open when wanted.

Finished In Sable

The car is standard finished in sable, with instrument board to match. Radiator core, fenders and other exposed chassis parts are in black. The standard wood wheels also are in sable, striped with light gray and having black rims. Wire wheels are optional at extra cost.

Many innovations also are noted in the convertible coupe. Rear pillars and top fold down close to the body, changing it into an open type car of the same beauty, smartness and style as the "75" roadster. Like the convertible sedan, the glass door frames, landau joints and door handles, in addition to the other exterior bright parts, are chromiumplated.

Motor Travel In North State Breaks Record

Indicative of the record volume of motor tourist travel in Northern and Central California during the past season are figures reported today by the Touring Bureau of the California State Automobile association. Planning of 455,103 extensive motor tours for members and visiting tourists over the counters of its touring bureau offices during the year and furnishing of telephone information on road conditions to 242,598 motorists from its district offices alone was reported by the Association.

Other readings on the barometer of tourist traffic were: distribution of 608,300 road maps; issuance of 60,000 official hotel and garage lists and 20,000 copies of the Association automobile camp list; mapping of 13,415 trascontinental tours and 45,908 trips to other states; and the welcoming of 50,000 visiting motorists into the state with free road maps and touring information.

USED CARS AID MANY STROM ASSERTS

"An ever-increasing number are turning to the used car for automotive transportation," says J. P. Strom.

"Not only are these used car buyers people who have no other car, but scores of folk who have fine new cars in the garage buy used cars for daily use of children going to school and for the daily errands which somebody must attend to.

"Scores of working men drive to their occupations in used cars and leave the new car at home for family use.

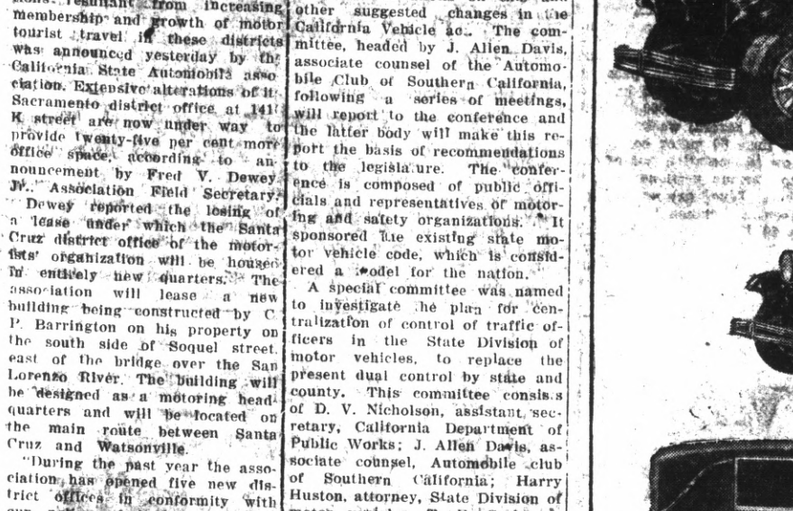

"The world seems suddenly to have discovered that the used car offers automotive transportation at a price that makes it economical under conditions that do not justify the use of higher-priced equipment."

Ignition Main Cause Of Auto Road Troubles

Ills of the electrical system constitute the most common cause of mechanical difficulty causing motorists to be temporarily stalled on the road, acording to the records of the Free Emergency Road Service of the California State Automobile association. In extending free mechanical first aid to its 80,000 members last month, the association reported that ignition, starter or battery troubles led all other causes for members being stalled where the road service cars were able to get the car started again within a short time.

Of a total of 6442 calls answered by this service department of the motorists' organization during September, 673 were ignition, 449 battery and 417 starter troubles. Cars out of gas came next with 452 such calls. In 1265 instances it was necessary to have cars towed to the nearest official station for various reasons. Women members, unaccompanied by male escort, were given tire change service in 1813 instances during the month.

A NEW All-American Six

2-Door Sedan $745 Body by Fisher

A Six the Like of Which You've Never Seen Before

A car that's *really* different. A car so triumphantly new . . . so original in design you'll hardly believe your eyes. A Six the like of which you've never seen before. A new All-American.

* * *

With all new body types . . . exemplifying Fisher genius and Fisher master-craftsmanship. With completely new external beauty. A car as new as this morning's dawn.

* * *

And in performance, too. Here again it differs from anything else in its field. In fact . . . it's a car that foretells what others may be like in the future. Come . . . see and drive this great new Oakland All-American Six.

Prices $1145 to $1375 at factory. Lovejoy Hydraulic Shock Absorbers and spring covers included in list prices. Bumpers and rear fender guards extra. Check Oakland delivered prices—they include lowest handling charges. General Motors Time Payment Plan available at minimum rate.

Changing a Nation's Habit . . .

Plymouth 4-Door Sedan, $755

More and more the millions who count the cost of motoring realize how clearly the new Plymouth overshadows in actual dollar value the few other cars in this field.

No longer is their question, "How low is the price?" Instead, they ask, "How much do I get in size, style, performance and quality for my dollar?"

The answer is easy. Plymouth presents vivid contrasts in adult-size, beauty and luxury. New and distinctive design—slender-profile radiator, arched windows and "air-wing" fenders.

Road performance tells an even more convincing story—generous power, speed, and startling quiet from the new "Silver-Dome" high-compression engine, using any gasoline. And the safety of internal-expanding hydraulic 4-wheel brakes, positive in all weather.

See and drive the new Plymouth! You will at once know why it is upsetting all buying habits in the lowest-priced group.

HUPP CENTURY FIRST YEARS SUCCESS

Hupp's line of Century Sixes and Eights is just a year old. The Century Six made its first appearance on Oct. 27, 1927, and it was almost immediately followed by the successful Century Eight. Hupmobile showrooms of the La Franz-Hilscher Co., 1429 Macdonald avenue, Richmond, and elsewhere throughou. the country have assembled a special display of these fine cars in honor of the occasion.

"The advent of the Century models marked the beginning of a public demand which has been one of the outstanding events of motor car history during 1928," say officials of the local company. They continued:

"Month after month, factory statements have shown new high peak sales records ever since the introduction of the new models. The tide of public approval has risen so steadily that when the first half of the present calendar year was barely completed, announcement was made that deliveries of Century cars since January 1, 1928 had already exceeded the entire production of Hupmobile in the twelve months of 1927.

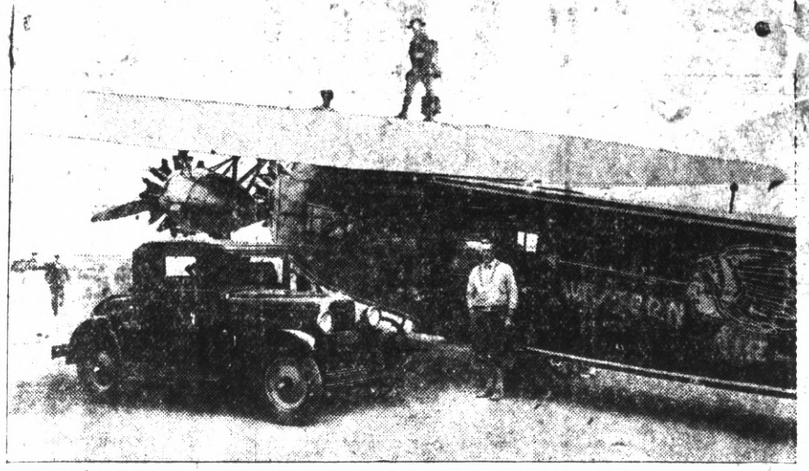

To signalize the greatest year in Hupmobile's 20 years of manufacturing activity, the present anniversary showing is being made by distributors and dealers, and a general invitation is being extended to the public to call and examine the brilliant examples of metal tailored coachcraft and mechanical perfection embodied in the unusually representative display of cars assembled for the occasion.

"We consider it fitting that the birthday of the Hupmobile Century should be celebrated with exceptional emphasis for the reason that the inauguration of this model marked an epoch not only in Hupmobile history but in the annals of the automobile inudstry in general.

"To realize the importance of this new car to autombile progress it is only necessary to look back over the various models that have been introduced since its appearance and to note how its graceful lines and general attractive appearance have been the inspiration for other designers, who, as always, have during the past year been on the alert to keep their products in the trend of automobile's latest vogue.

The professional stamp of approval has been abundantly ratified by a popular demand, unparalelled in Hupmobile history. Production and shipment totals as announced from the Detroit factory monthly have reflected this remarkable popularity in a form of unprecedented figures of sales volume."

Pilot Lauds Chevrolet

GEORGE RICE is at home both in the air and on the ground. While in the air he pilots one of the Western Air Express 12-passenger air liners and when on earth makes excellent use of his Chevrolet coupe.

McAdoo Against Smith, Will Vote 'Regular' However

AUGUSTA, Ga., Nov. 3, (U.P.)—William G. McAdoo, former treasurer and secretary, broke his campaign silence today in a telegram to Thomas J. Hamilton, editor of the Augusta Chronicle in which he said:

"I am absolutely opposed to Governor Smith's position on prohibition and the Eighteenth amendment but I shall preserve my party allegiance."

The telegram was in reply to one from Hamilton asking McAdoo, "if he would support Governor Alfred E. Smith."

Hamilton was Georgia manager of the McAdoo pre-convention campaign in 1924 for the party's presidential nomination.

Passenger car registration increased 7.1 per cent during 1927, while truck and bus registration gained 10.1 per cent.

MAYORS HELP IN JOHNSTON CAMPAIGN

(Continued from Page 1)

because we know his ability and honesty and know he will serve the entire district capably and intelligently. Richmond will give Johnston just about all the votes it has on Tuesday."

Large groups are working in Johnston's behalf, according to Marcom, and the enthusiasm which they are bringing to bear on the problem leaves little doubt of his success at the polls.

Johnston is supported by the four Utility district directors headed by Dr. David P. Barrows and Louis Bartlett, former directors of the district, and by community leaders in all parts of the city, Marcom declared.

Thousand Car Garage Building

Two garage buildings are being constructed in London with a capacity of a thousand cars each.

BALL BEARING SHACKELS SUCCESS

"There are two ways of licking the engineering troubles in a motor car," says O. G. Roos, chief engineer of the Studebaker corporation. "One is to eliminate the causes. The other is to eliminate the effects.

"A good illustration of this is found in the new ball bearing spring shackles which are now an exclusive feature on all Studebaker models.

"For a number of years engineers have been concerned with the troubles nearly every motorist has experienced with the conventional type of spring shackles. These are all important units which join the springs to the frame of the car. They had a decided tendency to wear and start annoying rattles. They needed frequent lubrication and adjustment. Even at best they did not permit the springs the freedom of movement necessary to enable them to do their full share in absorbing road shocks.

"Engineers treated the symptoms. They provided better methods of lubrication, they devised shackles that required no lubrication at all. But each remedy nearly always involved other troubles and treating the symptoms left spring shackles still an unsolved problem.

Then Studebaker began tests with an altogether new type of spring shackle. Ball bearings eliminated the friction that cramped spring action in the conventional type of shackle. Lubricant was sealed in the new shackle—enough to last the average motorist through two years of driving. They required no adjustment and banished wear forever.

"After the most exhaustive tests embracing 177,000 miles of driving over all sorts and conditions of roads the new ball bearing spring shackle was adopted as standard equipment for all Studebaker models.

"By eliminating this engineering problem at the source, Studebaker not only simplified its design—and simplicity is a highly desirable factor in any motor car, but provided a new degree of riding comfort for Studebaker owners."

L. J. Thomas, 222 Tenth street is the Richmond dealer for the Studebaker line of cars.

Mother Killed By Little Tot

CHCAGO, Nov. 3.—(U.P.)—Seven-year- old Leo Krock accidentally killed his mother today by shooting her through the head with his brother's rifle.

Mrs. Krock, 47, was a widow with nine children ,seven of whom she supported at home.

Several automobile manufacturers, especially among the higher priced group, plan to equip their product with radio sets, according to the National Automobile Club

If Indian Herb

Compound does not benefit you, after directions have been followed, you can get your money back at any of the agencies where you bought them.

Indian Herbs are for sale by all the local drug stores and at many other business places whose addresses are listed on the second page of the circular in each free sample given at all the local agencies. Geo. W. McPherson, resident agent for The Great American Herb Co., 607 Macdonald Ave. 12-8

RAILWAYS HIT BY BUSES IN ENGLAND

The competition between the railroads and the motor coach companies in England and the United Kingdom in general has now reached the price cutting stage and the situation is being viewed with considerable alarm in transportation circles, according to advices to the National Automobile club.

In the past fortnight, the railroads have suddenly slashed the prices of week-end tickets, good for five days, to all parts of the country. At the same time the price was further cut to one cent a mile and tickets are good on any train, even the de luxe expresses.

This price slash means a reduction of 66 2-3 percent in the passenger revenues of the railway lines, it is pointed out. Good weather in the United Kingdom has already added another burden to that borne by the railroads, for it has driven the traveling public to the motor coaches. As a result the reports state, the passenger receipts of the railways have declined more than $3,000,000 within the past several weeks.

More than 60 motor coach lines are now in operation out of London to various sections of the Kingdom. Lines are operating to Aberdeen, a distance of 523 miles. These 60 lines are now reaching more than 400 important towns. Recently sleeping coaches have been inaugurated by many of the lines.

Burned Bearing Emergency Aid Told Motorist

Emergency measures may be taken, if a bearing burns out on your car, that will permit you to continue your trip. If you are in a remote section where parts are not available, the free emergency road service of the California State Automobile association suggests that the rod and piston be removed from the damaged bearing. If there is a force fuel oiling system in your car, tape the crank shaft at the oil hole placing a wire over the tape to clamp it tight, thus permitting oil to reach the balance of the engine.

Minnesota Bans Speed Limit Sign

Minnesota has found that the signs "Speed Limit 15 Miles" on the trunk highways in that state have increased accidents rather than decreased them, according to word received by the National Automobile club from the highway commission of that state.

In consequence of this experience, the club states, the state has ordered the removal of all these signs from along the highways and hereafter they will not be permitted to retard speed on trunk roads.

Orders have been issued to the road maintenance crews to remove all these signs as speedily as possible.

Dash Lamp Should Be Low Powered

Bright dash lights on your car reduce the visibility ahead. The Free Emergency Road Service of the California State Automobile association suggests that the glow may be diminished by dipping globes in blue or green dye or coloring. This gives a soft light and enables the driver to see the instrument board.

Californians Outnumber All Park Visitors

More California automobiles entered Yellowstone National park during the past season than those displaying the license plates of any other state, according to travel figures reported by the California State Automobile association. The nearby state of Montana exceeded by a few hundred in the total number of visitors to the park. Heading the list of states, Montana sent 20,312 visitors to Yellowstone in 6,018 cars while the number of Californians visiting the park totalled 19,179. California cars totalled 6,295. Total Yellowstone travel was 230-984 for the season, an increase of fifteen per cent over last year.

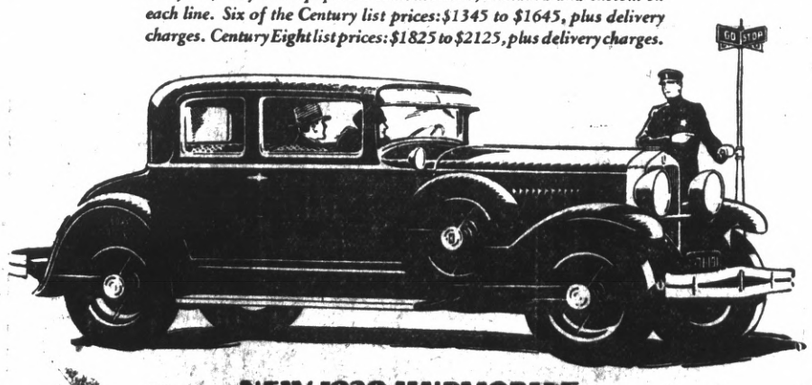

Change Spark Plugs After 10,000 miles

Spark plugs lose their efficiency with age and should be renewed on your car at least every ten thousand miles, according to the free road emergency road service of the California State Automobile association.

Do your brakes ADD.. to the DIN of traffic ?

... Drive a new Century Hupmobile and note the difference ... Silence is so much a built-in feature of steeldraulic brakes, first adopted by Hupmobile a year ago, that the contrast is startling with other cars. Thousands who are driving their first Hupmobiles tell us that *now*, for the first time, they enjoy positive brake action without trace of squeak or chatter. Hupmobile brakes have 6 times the clearance of average brakes. Dragging or brake friction is thus eliminated and effective power increased from 10 to 15 per cent. In addition, the special moulded asbestos lining of Century brakes has three times the life of ordinary brake lining. Cars have been driven for 18 months without a single brake adjustment. These are facts you should know in selecting your next car. They will lead you straight to Hupmobile for the finest of mechanical qualities as well as undisputed leadership in style and beauty.

Forty-two body and equipment combinations, standard and custom on each line. Six of the Century list prices: $1345 to $1645, plus delivery charges. Century Eight list prices: $1825 to $2125, plus delivery charges.

STUDEBAKER'S DICTATOR $1265

F.O.B. FACTORY

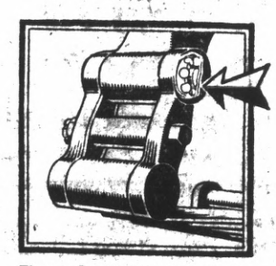

GO over Studebaker's Dictator like an appraiser! You'll admit it *looks* like hundreds of dollars more automobile than its price. And close investigation will impress you further with the plus value of Studebaker's One-Profit manufacture.

Drive this Dictator like a critical tester. Then you will quickly appreciate why The Dictator lowered all stock car records in the class under $1400 when it went 5000 miles in 4751 consecutive minutes.

And The Dictator rides better than any car that ever sold within hundreds of its cost, due to Studebaker's exclusive ball bearing spring shackles.

Drive The Dictator at 40-mile speed from the beginning—67-mile speed later. Its motor oil need be changed only every 2500 miles.

See The Dictator—drive it today! Learn first-hand what 76 years of experience in building quality transportation offers you in One-Profit value.

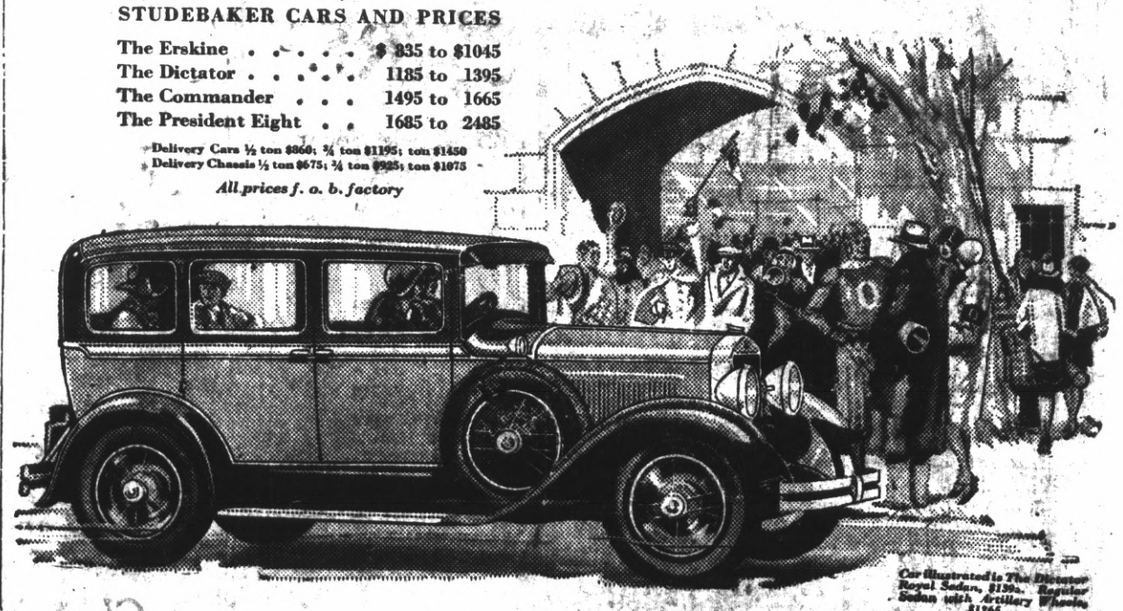

The new Studebakers alone offer you the unmatched riding comfort of ball bearing spring shackles. Literally floating the chassis friction-free on 172 balls of polished steel, they permit unhampered action of Studebaker's pliant springs and hydraulic shock absorbers. Lubricant sufficient for more than 20,000 miles is sealed in each shackle. They will never bind, nor squeak nor rattle. Being all steel, they will not deteriorate.

'HITCH-HIKING' WAR STARTED IN SCHOOL

One of the most common causes of traffic acidents involving children—"hooking rides"—forms the subject of the traffic safety lesson for pupils in local schools this month. The lesson is one of the monthly series given by the public safety department of the California State Automobile association to reduce the accident toll among children. Graphic posters visualize the danger to children of "stolen rides" have been placed in every classroom in the schools of this section, according to Jack F. Sivers, district manager of the association.

Under a system of visual education to the hazards of modern traffic, which the automobile association is conducting with the co-operation of school authorities, every effort is being made to teach youngsters in the classroom the basic principals, school superintendens and boards of education, this traffic safety instruction is being given in schools throughout Northern and Central California. The automobile association prepares a new poster each month and distributes 12,000 copies to classrooms. Each teacher is provided with the text of a suggested lesson for the monthly poster, prepared by the association public safety department. This text for October reads in par:

"Children are injured in 'hopping' or 'hooking' rides by losing their hold and falling to the pavement due to unexpected action by the driver in making a quick stop or a sudden turn. Many children are hurt because the vehicle behind has inadequate brakes smooth tires or because of the slippery condition of the street, the driver is unable to stop before striking the vehicle to which the child is holding.

"In 'hopping' a ride children often run into the street in the middle of the block and are struck down because vehicle drivers do not expect to encounter persons in the street except at intersections or crosswalks.

"The greatest number of traffic accidents occur during the month of October and a large percentage of them at the noon hour. We should resolve to 'play safe' at all times. 'Hooking' rides is dangerous. It sets an example that may lead your playmates to death or injury."

Improvements To Victory Highway Being Planned

Further exploitation and improvement of the Victory highway, transcontinental motor route leading to Northern and Central California is being planned in a number of western states, according to the California State Automobile association, western headquarters of the Victor yhighway commission. Harry N. Burhans, executive secretary of the Denver Tourist bureau, at a recent conference with C. C. Cottrell, western manof the Victory highway commisciation, told of a program for further improvement of this route in western Colorado and eastern Utah.

Recent improvement of this cross-nation artery and the exploitation work conducted by the Victory Highway association and the California State Automobile association, Cottrell pointed out, resulted in a twenty-seven per cent increase in motor tourist travel over the Victory Highway during the 1928 travel season over the 1927 season.

English Have Motor Sleepers

Motor coach sleeper service, the first to be established in Europe, is now in operation between London and Liverpool, according to information received by the National Automobile club. The buses carry 12 berths. If the all night sleeper service is successful, schedules between London and other cities will be instituted.

Clogged Radiator Causes Overheating

Overheating of the engine in your car may be caused by any one of several factors. The free emergency road service of the California State Automobile association names the common causes as follows: Loose fan belt; lack of water in radiator, sediment clogging radiator, low oil level, or too rich gasoline mixture.

Brunswick, Germany, has adopted the skull and crossbones system of signs for dangerous points on motor roads.

More than a third of the 350,000 automobiles in Germany are small cars of less than 16 horsepower.

State Has 473 Cars For Every Mile of Highway

Considering only improved state highways, California has 472 automobiles for every mile of this type of road. This would allow 11 feet of roadway for each car in the state.

Java Highways World's Best

Some of the most beautiful highways in the world are located in the island of Java, according to information received by the National Automobile club. Trees planted along the roadsides have a charming effect on travel on the island, more than 15,000 miles of roads being shaded.

Avoid Exhaust Gas In Machine

Exhaust gas is injurious to health. If an unusual odor of gas is noticed in the front compartment of your car, the exhaust manifold gaskets may be leaking according to the California State Automobile association. They should be removed.

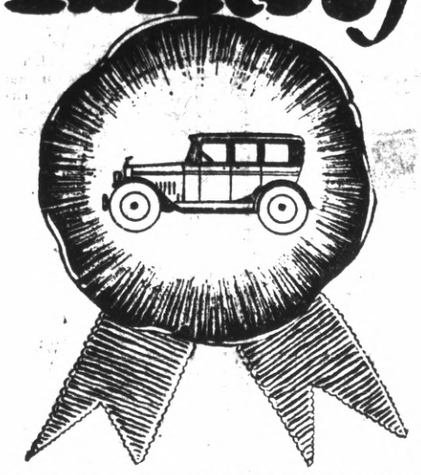

Los Angeles To Have New Subway

Los Angeles will soon complete a three year program of construction of pedestrian subways at intersections in congested traffic districts, reports the California State Automobile association. Forty such subways were provided for in a bond issue.

Motorists Should Carry Extra Lights

Always carry an extra set of lights in your car for emergency, advises the free emergency road service of the California State Automobile association. They may be purchased in containers that can be carried in a door pocket and may be the means of avoiding a traffic tag.

Frequent inspection of sparks plugs is insurance against engine knocks, according to the service department of the National Automobile club.

Buy your USED CAR From A Reliable Dealer

Studebaker's Pledge to the Public on Used Car Sales

We sell USED cars on the same basis as we sell NEW cars—ONE PRICE—THE SAME PRICE TO ALL—every car honestly represented and honestly priced. You can buy any one of our fine used cars—under the protection of the Studebaker Pledge—and know you have made an investment in a quality car that will last longer, give infinitely more satisfaction, riding comfort, and power than a new car of cheap construction and uncertain life. Measure used car value by the Studebaker Pledge.

No matter what make of used car you intend to buy you can not afford to purchase without first seeing our fine selection of open and closed models, painted in popular and striking color combinations, and backed by the Pledge that is your protection.

1—All used cars offered to the public shall be honestly represented.
If a car is suitable only for a mechanic, who can rebuild it, or for some one who expects only a few months' rough usage on a camping trip, it must be sold on that basis. Each car must be sold for just what it is.

2—All Studebaker automobiles which are sold as CERTIFIED CARS have been property reconditioned, and carry a 30-day guarantee for replacement of defective parts and free service on adjustments.
This is possible because tremenduous reserve mileage has been built into every Studebaker, which it is impossible to exhaust in years.

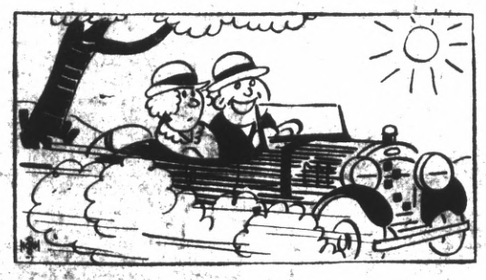

3—Every used car is conspicuously marked with its price, in plain figures, and that price, just as the price of our new cars, is rigidly maintained.
The public can deal in confidence and safety only with the dealer whose policy is "one price only—the same price to all." For to sell cars on this basis, every one of them must be honestly priced to begin with.

4—Every purchaser of a used car may drive it for three days, and then, if not satisfied for any reason, turn it back and apply the money paid as a credit on the purchase of any other car in stock—new or used.
It is assumed, of course, that the car has not been smashed up by collision or other accident in the meantime.

Not only to the public, but also to The Studebaker Corporation of America, whose cars we sell, we pledge adherence to the above policy in selling used cars.

L. J. THOMAS
USED CAR DEPARTMENT

The Automobile Insurance You Can't Buy

You can't buy satisfaction-in-ownership insurance as you can buy protection against automobile theft or damage. The only safeguards to satisfaction in ownership are the attitude of the one who sells you the car, and his experience, ability and resources.

In this place the sale of a car is only the commencement of a relationship between the car owner and ourselves.

Our interest in the car we sell and the satisfaction of the one who buys it is constant, sincere and valuable.

Sons Of West

TOM MIX in a scene from "Sons of Golden West," appearing on the screen at the California theater today.

Oakland Man Hurt Driver Of Auto Held

MARTINEZ, Nov. 3.—J. Haffner, of 741 East Fourteenth street, Oakland, sustained a possible fractured skull which may prove fatal, and George M. Thayer, 35, 3630 East Tenth street, Oakland, is in the county jail charged with drunken driving, as a result of an automobile collision on the tunnel road near Lafayette this afternoon.

Haffner was thrown clear of his car and struck head foremost on the pavement. Thayer failed to stop, according to the police and was captured in Walnut Creek by Frank Hawkes and Fred Thompson, both of Lafayette, who witnessed the crash and gave chase. According to Traffic Officer Ed Keefe who placed the man under arrest, Thayer denied he had been drinking or had been in an accident.

Heafner was taken to Martinez hospital for treatment.

Preventorium Xmas Seal Sale To Begin Soon

Miss Katherine McCracken has been named local chairman of the annual sale of Christmas seals, following a meeting in Martinez of the Public Health association. Funds derived from the sale will be used to maintain the Sunshine camp for children of Contra Costa county. The sale will be started in the near future.

GIRL ALMOST TEACHER NOW ACTRESS

Evelyn Brent, who appears with Thomas Meighan in "The Mating Call" the current screening at the California theatre tomorrow studied for the school-teaching profession before she decided to become an actress.

Miss Brent was a student at Normal Training School, N. Y., when she suddenly became film-struck while visiting the old World Film studios at Fort Lee N. J.

School was given up for the life of an extra, which ultimately led to bits and parts until in time she became one of the most popular players of the screen.

In "The Mating Call" Miss Brent appears to brilliant advantage as a sophisticated society girl. The wardrobe which she displays in the picture is one of the most lavish and fashionable.

"The Mating Call" presents the popular actress in her first departure from underworld roles in years.

"The Mating Call" is a colorful celluloid dramatization of the widely read novel of the same name by Rex Beach. It was produced by Howard Hughes, youthful president of the Caddo company, and directed by James Cruze.

Church Installs New Heat Plant

A new oil burning furnace has been installed at the First Christian church to heat the main auditorium of the church. For the past several weeks the congregation has been using the Sunday school rooms to hold regular church services.

ROARING LOVE PICTURE OF PIONEERS

Admirers of Tom Mix have an opportunity of seeing their favorite in a screen role somewhat different from his former representations.

This will be when the famed Western star comes to the California theatre today in "Son of the Golden West".

Not that the hard-riding, straight shooting Tom has abandoned his faithful and sure-footed horse, Tony, partner in all of his cowboy photopays, and has gone in for society drama in the new offering. But the period which it concerns in our national history is one long before the great West became the "cow country" which Mix has so successfully presented on the screen and the "Son of the Golden West" whom he depicts is a "pony express" rider rather than a cowboy.

Laid in the wild and picturesque days when the overland trail was followed across plains and mountains by the pioneers who civilized the wilderness. This striking FBO production is a colorful drama of action, replete with Indian ambushes, attacks of outlaws upon the pony express riders and stagecoaches and other stirring events that marked the old West in Civil War times and before.

Sharon Lynn, screen beauty and actress of experience, has the leading feminine role, and other players in the cast are Tom Lingham, Duke R. Lee, Lee Shumway, Fritzi Ridgeway, Joie Ray, Mark Hamilton and Wynn Mace. "Son of the Golden West" was directed by Eugene Forde.

Check Flu-Grip By Using Vicks at First Sneeze

Health Authorities Urge Precaution to Prevent Epidemic

If all colds were checked at the beginning, influenza, pneumonia and grip would be greatly reduced.

It takes quick action to get ahead of the germs of these dread diseases. Many cases of flu start from germs breathed in. The effective way to attack them is direct—with vapors of Vicks VapoRub.

When rubbed on the throat and chest the ingredients of Vicks are released in the form of vapors which, being breathed in, carry medication to the inflamed air passages and lungs direct and instantly. In addition, it acts like a poultice and helps the vapors inhaled to break up the congestion.

While grip and influenza are so prevalent local people are urged to keep Vicks VapoRub ready at all times for instant use. (adv.)

The Mating Call

THOMAS MEIGHAN and Evelyn Nesbit, in a scene from "The Mating Call," coming to the California theater tomorrow.

'Thats' My Wife' Farce Comedy At California

Any young man in Richmond desiring to marry and who is having difficulty in finding a suitable partner for life is advised to see "That's My Wife" the fast and funny farce comedy to be presented by the Nat Holt's Comedians at the California theater today.

Unfolding the story of a young man who wanted to marry and who had to call upon his best friend to assist him in finding a dainty Miss, the plot speeds along on its merry way until a happy ending is reached.

The production is ended with a timely election finale which gives everyone in the audience a chance to cheer for their favorite.

"That's My Wife" gives Bobby Fitzsimmons, the featured comedian a chance to introduce his character of the inebriated "Adam Sousse" to Richmond theatergoers.

Jimmie Edwards, Bee Montague, Clarence Wurdig, Florence Spurrier, Mary Ferlando and Jack Wahlen round out the cast of favorites.

The feature picture offered is "Son of Golden West."

—RAGS WANTED—

MRS. RIPLEY IN MARTINEZ ADDRESS

The necessity of electing Hoover from the women's standpoint was the topic of an address delivered last night in Martinez at a Republican rally by Mrs. S. S. Ripley, prominent Richmond clubwoman.

Mrs. Ripley in her talk told of what Hoover has done for the women of the nation and his ideals for the home and children. These ideals, Mrs. Ripley said, are the same ideals that women hold. She called attention to his unselfish work for the betterment of conditions for women, children and society in general and his efforts toward universal peace.

The meeting was held in the Novelty theater and the speaker of the evening was Congressman Arthur M. Free of San Jose.

MARRIAGE LICENSE

Application for a marriage license was filed in Martinez yesterday by Aubrey Neish, 31, of Oakland and Miss Elsie P. Crigler, of Richmond.

FOUNDRY FOR CHEVROLETS INCREASED

One of the finest industrial centers in the middle west because of its nearness to Great Lakes water transportation is resuming the fame it knew back in the rugged days when it was the timber capital of America, according to officials of the Golden Rule Chevrolet Co., 1501 Macdonald avenue, Richmond Chevrolet dealers.

Today, Saginaw is the home of the Chevrolet foundry with a pouring capacity of 1,000 melting tons a day. The first of next year, by reason of intensive construction work now progressing, Saginaw will be the home of one of the world's largest foundaries with a capacity of 2,000 tons a day, and will boast one of the world's most modern inland docks at which pig iron and sand will be unloaded from lake points to be cast into millions of Chevrolet castings.

Foundations for the 212,364 foot addition, which will almost double the present floor space, are now completed.

As early as Dec. 1, it is anticipated, the foundrymen will be at work in their new quarters. And by the time the ice breaks on the Great Lakes next spring, the great 650 foot dock will be receiving the lake freighters with a loading capacity of 40,000 tons a month.

The present foundry, originally the Grey Iron Foundry of the Saginaw Products company, a subsidiary of the General Motors corporation, was built in 1919 and was taken over by the Chevrolet Motor company in September, 1927. Prior to that time, it had been specializing on Buick, Oakland and part of Chevrolet's cylinder block and head castings.

The present foundry in the relatively small space of the present building, has been showing a daily output almost the equal of foundries with three and four times the room and double the man power. Arnold Lenz, superintendent of the Saginaw foundry, and generally credited as being responsible for the remarkable output record, says that concentrated effort, more than revolutionary equipment, has accounted for the showing.

The new foundry, however, Lenz says, will introduce several innovations. There will be many labor saving devices. The new cupolas will be so constructed as to be capable of 20 consecutive hours operation instead of nine they now operate. Mechanical charging of the furnaces will be another new feature.

Your Clothes

cleaned and pressed the modern way, hats a specialty. C. O. D. Cleaners, phone Richmond 623; Cleanatorium, phone Richmond 460.

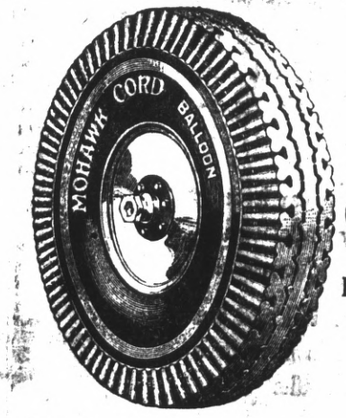

Vote YES No. 6

Amendment No. 6 endorsed by the real friends of the children such as the California Congress of Parents and Teachers, the Commonwealth Club of San Francisco the California Department of the American Legion, the San Francisco Chamber of Commerce, the Los Angeles Chamber of Commerce, the California Division American Association of University Women, the California Association of County City and District Superintendents of Schools, the Richmod Teachers' Association and many other similar associations. This is perhaps the most important and progressive measure on the ballot.

This is an Amendment, carefully prepared after an exhaustive study of the best practices in the various states, providing for the reorganization of the State Board of Education. The Board is to consist of ten members appointed by the Governor, confirmed by two-thirds vote of the State Senate and subject to removal as are all other civil officers under the Constitution. California has grown and the State Board now has charge of, in addition to a large school system, ten great institutions such as the Teacher Colleges. This requires a slowly changing Board to select a Director of Education who is fully qualified to advise the lay board. At present, any person, qualified or unqualified, might be elected. The situation is worse than if the people should attempt to elect the President of the University by popular vote.

Prepared at the request of the Richmond Teachers' Association

CHEVROLET

CONSTANT EXPANSION
—to serve Chevrolet owners better

SINCE January 1st more than a million new Chevrolets have been delivered to owners—making the Chevrolet Motor Company, for the second consecutive year, the world's largest builder of automobiles!

This outstanding achievement has been attained not only because of the quality and value of Chevrolet cars—but also because there has been a constant expansion of Chevrolet service facilities.

In order to bring these mammoth facilities of the Chevrolet factories to Chevrolet dealers and owners everywhere, there have been erected 26 huge parts warehouses in the principal centers of distribution. This expansion program is continuing going on—for four great additional warehouses will be in operation by January first and seven more by the summer of 1929.

Into the service departments of all Chevrolet dealers, Chevrolet has brought special tools and shop equipment—designed under the supervision of Chevrolet engineers. This equipment definitely assures maximum speed and precision and the lowest possible cost in the performance of every Chevrolet service and repair operation—which are charged for on a flat rate basis.

Furthermore, all of these tremendous facilities have been made available to 15,000 authorized service stations manned by skilled mechanics, over 25,000 of whom have been factory trained to efficiently handle every repair operation on a Chevrolet car. In addition, there are over 4,000 other points where genuine Chevrolet parts may be obtained.

Uniformly efficient, uniformly reliable and within easy reach of everybody everywhere—this great service organization is maintaining at peak efficiency the fine performance for which Chevrolet cars have always been renowned.

We cordially invite you to come in and see how our service facilities reflect the influence of this great national service program.

Heart Trouble Marvelously Relieved

San Francisco, Calif. July 10, 1928.

To Fong Wan:
Fong Wan Two years ago I suffered from Heart Trouble and pain all over my chest. Although I tried everything that I heard of. I secured no genuine relief until I came across the bay to you It is a pleasure to testify that the Fong Wan Herbs banished my pain and that there has been no recurrence of my complaints during the past two years.

GAY AND HER GANG — Gay's Eyes Believe What Her Ears Hear — by GLADYS PARKER

"MALARIA MUGGS" — She Has Her Limits — By BEN DAVE ALL

A. ZELLERBACH MARRIED TO SWIMMER

MARTINEZ, Nov. 3.—Arthur Zellerbach, San Francisco capitalist, and Miss Dorothy Ryan, acquatic star, were secretly married Oct. 28, in El Cerrito. News of the marriage was not revealed until noon today when Rev. Latham Graham, pastor of the El Cerrito Methodist church, mailed the marriage certificate to the county recorder.

Zellerbach and his bride are said to be en route to Hawaii on their honeymoon.

This was the fourth marriage of the San Francisco capitalist, who gave his age as 40 years and the second marriage for Miss Ryan 23.

Zellerbach, who is connected with the paper company of the same name, was married in 1917 to Doris Lansberg, movie actress. They were divorced two years later. In 1921, he married Miss Dorothy Johnson in Modesto. They were divorced a year later and remarried in 1924 in Honolulu. The second marriage was disolved last year.

Miss Ryan who is an expert swimmer and diver, is the daughter of Alfred Gardner Smith, retired Australian merchant, living in London.

Fellowship Club To Hear Returns Of Vote Tuesday

Good Felowship club of the First Presbyterian church will hold an election night program Tuesday in the church parlors. The monthly dinner will begin at 6:15 o'clock with a musical program.

Election returns will be received by radio. Carl Alexander, radio dealer and member of the club, will install a radio for the reception of the returns.

The meeting will be opened to any member of the church wishing to hear the election results following the adjournment of the club at 7:30 o'clock. Meryl Bish, well known entertainer and singer, will aid in providing entertainment during the evening.

California Taxation Improvement Assn.

JOHN REGELLO RITES HERE TUESDAY

Funeral services for John G. Regello, 60, 1200 Twenty-third street, will be held at 10 o'clock Tuesday morning from the St. Paul's church of San Pablo.

Regello was a pioneer resident of this city and passed away at his home here following a short illness. Regello was for many years associated with ranching and real estate projects in this district. He was born in Portugal in 1863 and came to California at the age of 17, working for awhile at the Port Costa grain houses. Later he took up ranching on the Nicholl and Mintzner estates. He at one time owned a string of race horses and was known as the champion weight lifter of Contra Cosa county. He was also a director for the Bank of Richmond. He has been retired for some time.

Regello leaves a widow, Mrs. Beatrice Regello and four sons and daughters: John, of Richmond, Mrs. M. A. Perry of Concord, Mrs. A. F. Rose, of Atwater, and Mrs. Elizabeth Puim of Richmond.

Presbyterian Church Nursery To Aid Mothers

Mothers may now bring their small children to the First Presbyterian church and enjoy the services in comfort. Filling a long felt want, a nursery service has been instituted at the church. A committee of older girls from the Campfire Girls group will take care of the children while the parents attend the services.

These girls are thoroughly capable in taking care of the children and have volunteered their efforts.

Renee Adoree Files Second Divorce Suit

LOS ANGELES, Nov. 3—(U.P.)—Rence Adoree of the movies came back to the courts here today with a second suit for divorce against William S. Gill, her husband.

Several weeks ago the screen actress withdrew her initial action against Gill. The second filing alleged that Gill cursed her and deserted her September 25.

Local Attorneys In Court Monday

Two Richmond attorneys will appear tomorrow in a divorce action brought by Mrs. Barbara Stanley of Richmond against her husband, Oscar Stanley, in superior court. T. H. DeLap represents the plaintiff and Clare D. Horner is attorney for Stanley.

Other Richmond attorneys having cases in superior court tomorrow are Tsar N. Calfee, W. S. Robenson and Thomas M. Carlson.

RICHMOND UNITY CENTER
Richmond clubhouse, 1125 Nevin avenue.
9:45 a. m.—Sunday school.
Unity is the name by which the work of the Unity School of Christianity is known.
Unity is not a sect but a school of spiritual research. Unity teaches that the principle with which Christ did the work is still operative.
The Unity publications do not present criticisms of any faith; they give constructive suggestions.
Approximately two and one-half million people are at present applying Unity methods to the problems that arise in life.
11 o'clock—Morning service.

FIRST PRESBYTERIAN CHURCH
Corner 12th and Bissell streets. Rev. A. Alden Pratt, minister.

Gate Receipts Of Game Stolen

LAWRENCE, Kas., Nov. 3.—(U.P.)—Approximately $4,000 which were the receipts of the Kansas-Nebraska football game, was stolen from the safe in the Kansas University Athletic office here while the second half of the game was being played this afternoon.

The money was removed from the office of the ticket seller to the safe in the intermission between the halves and immediately after the game when officials came to count the money, they found the safe broken open.

Dexters Return From Northland

Mr. and Mrs. L. C. Dexter have returned from a combined business and pleasure trip to northern California points. For the past two weeks they have been in the northern Sacramento and Klamath river region in the vicinity of Dunsmuir. Dexter's parents accompanied them.

Charleston Dance Contest Judged By England's Leader

Miss Leslie Sutton, chief judge of the Charleston contest for England, writes: "My unique position in the dancing world today would never have happened if I had not taken the proper daily care of my health.
"Three years ago I suffered daily from sick headache, indigestion, biliousness and found that I constantly had that tired out, depressed feeling.
"Your mild laxative has been of valuable assistance in keeping me fit."

CIVIL WAR VET PAID LAST RESPECTS

Services for the late George L. Herrick, 87, Civil War veteran, were held yesterday afternoon from the Wilson and Kratzer chapels at 1:30 o'clock and from the St. Edmund's Episcopal church an hour later. Cremation was at the Berkeley crematory. Deceased was a resident of this city for the past nine years where he resided with his daughter, Mrs. Ruth Newcomb, of Richmond; a sister, Mrs. Ellen Lloyd of New York and two brothers Lyman and Luther who live in the east.

A firing squad from the Veterans of Foreign Wars, the American Legion and the United Spanish War Veterans fired the last salute over the grave.

Pall bearers were: Edward Terry, Henry Hill, Alfred Powell, G. Harlow, W. E. Turtle and Charles Renwick.

The firing squad included Geo. Ford, commander of the Veterans of Foregin Wars; J. J. Barry, commander of the American Legion; Sid Pennington, United Spanish War Veterans; J. R. Holt, United Spanish War Veteran; J. T. McCormick, commander of the United Spanish War Veterans; and Charles Both, United Spanish War Veterans.

St. Ignatius, St. Mary's To Meet On Grid

Rain is one element that doesn't cause football games to be postponed.

Let it rain, let it pour. The St. Mary's and St. Ignatius teams don't give a hang. The teams are going to hold their annual football game this afternoon at the Kezar stadium in San Francisco.

Five players are on the sick list for the Saints. Sig Len, an end, is ill with the "flu," George Ackerman, guard, has a twisted ankle; both Knude and Joe Rooney, halves, will be out and Phil Murphy isn't expected to be in the line. Cal Pitchford, a former Richmond high school star, has been complaining of a bad shoulder. Thus the Saints punch will be weakened.

The St. Ignatius team has been working steadily under the direction of Coach Jimmy Needles and is reported to be in the pink of condition.

Yale Defeats Dartmouth Team

YALEBOWL, New Haven, Con., Nov. 3.—(U.P.)—Out of a sea of mud under a dripping sky, Yale's crippled eleven rose to glorious, one-sided victory over Dartmouth's equally damaged and battered warriors today.

When a final pistol shot sounded through the damp twilight, ending the struggle through the ooze, the scoreboard showed faintly through the evening rain the score:

Yale 18, Dartmouth 0.

Notre Dame Wins Over Penn State

PHILADELPHIA, Nov. 3.—(U.P.)—The 1928 Eddition of Knute Rockne's Notre Dame presentation proved a capable mud scow that dug it way across a muddy field and through a weak Penn State line today for a 9 to 0 victory over Hugo Bezedek's warriors.

San Pablans To Meet General Petroleum Nine

The San Pablo baseball club will meet the General Petroleum nine at the San Pablo ball park this afternoon at 2:30 o'clock, providing the playing fields are not too wet.

Gillespie, Mattos, Brendel and Campagna will be on hand to stem any tide of the Oilers who are tied with the Johnson Clothiers for second place in the Oakland mid-winter league.

Bill Whetzel, formerly of El Cerrito and Vallejo, will be the only new face in the lineup for the San Pablo squad. Boreani and Gualdoni will divide honors at catching; Fitzgerald, Searcey, Bernardo, Kelly and Carson will be in the infield and McCoy, Donlon, Figueredo and Whetzel will be in the outfield.

Clothiers To Meet Leaders Of Ball League

Unless the weather takes a hand the Johnson Clothiers will meet the Guarantee Shoes at the Oakland Coast league park this morning. The Clothiers, under Manager Phil Jones will present a new lineup including Red Kress of the St. Louis Browns, at short and Rabbit Garrity who will be placed in the infield.

Jones may use either Roberts Kamb or Fireman Earl Jones on the mound for his outfit. LeVeque will catch.

The Guarantee Shoes, which is now leading the league, will use Lefty Gomez, sensational Richmond boy chucker.

If Jones' men win today they will be tied with the Guarantee Shoes for the leadership of the league.

Rifle Club To Meet Monday

Monday evening at 7:30 in the small hall in the Woodmen building, there will be a meeting of the Richmond National Rifle club.

Today at the rifle range, on the Dam road, there will be target practice. All members are urged to be present.

BRONCOS GIVE WINGED O SCARE

SAN FRANCISCO, Nov. 3.—(U.P.)—The San Francisco Olympic club considered one of the most powerful of Pacific Coast football teams, was forced to extend itself today to defeat Santa Clara college by a narrow margin of two points. The score was: Olympic club 20; Santa Clara 18.

Allen, Winger "O" fullback, tossed a pass to Sima, who made a 40 yard sprint for the clubmen's first secore. He was followed by Crouch, halfback, who galloped to the goal from mid-field.

Undaunted, the collegians worked the ball to the 50-yard marker and where Machado, halfback, raced through the Olympic veterans to score.

Bankers To Open League With Indians

The Santa Fe Indians and the Mechanic Bankers will meet tomorrow night at the Roosevelt high school gymnasium for the first game of the Richmond league season. This game will be played at eight o'clock. Following the game the McRacken Clothiers and the LaMonte druggists will meet.

The league has been divided into two parts, the "A" and the "B" league with four teams in each division. The season will end Jan. 24 and immediately after a championship series between the winners of the two leagues will be played.

Richmond fans are promised some of the best basketball to be played this season in the bay region.

Lafayette Dam Slipping Halts

(Continued from Page 1)

consulting engineers has been convened and is studying the problem with a view to recommending wise and safe action in the premises.

"Grier and Mead, contractors for the Claremont Tunnel, have excavated 17,039 feet of tunnel leaving 965 feet yet to be excavated; 8,4[illegible] feet of the tunnel have been completely lined and 15,640 feet of invert have been laid. Work has been and is still greatly hampered by the large quantity of water encountered. About 2000 gallons per minute are flowing through the west portal. The contract as a whole is 78 per cent complete and the time elapsed is about 8[illegible] per cent.
